

Experiment  
Controller

```
graph LR; EC[Experiment Controller] --> Test((Test)); Test -.->|Feedback| EC
```

The diagram illustrates a control loop. On the left, a yellow rounded rectangle is labeled 'Experiment Controller'. A solid black arrow points from this rectangle to a green cloud on the right labeled 'Test'. A dashed black arrow points from the bottom of the 'Test' cloud back to the bottom of the 'Experiment Controller' rectangle. The word 'Feedback' is written in the center of this dashed line.
